Leadership Nacogdoches
20TH CLASS
2018 - 2019

CLASS PROJECT
SPONSORSHIP FORM

PROJECT PLAN DESCRIPTION

The 20th Leadership Nacogdoches class is made up of 29 classmates with a goal to learn what it takes to move our community forward and take on leadership roles. For our class project we would like to give back to the community by adding family style pavilions to Maroney park. This will make a great addition to the soon to be completed Splash Pad by PAL (Parks Advocacy League).

With the labor from our class and donations from the community, we believe these family style pavilions will be a wonderful gathering place for families to enjoy for years to come.

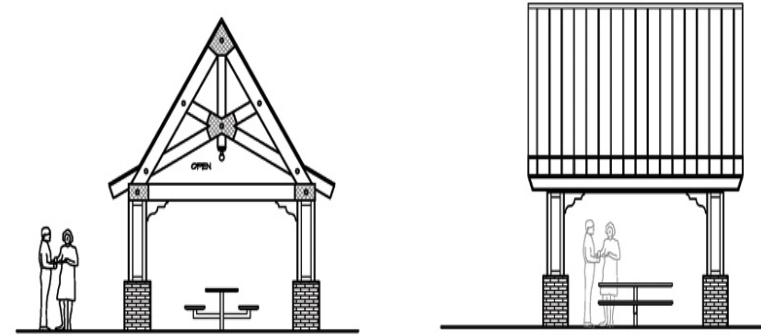

Fundraising Goal:

\$15,000
